

Welcome

Firstly let me introduce myself, I am June Carroll, Regional Business Development Manager for Anglian Building Products.

Anglian have over 30 years experience in providing fenestration solutions to the public sector market; we specialise in delivering large projects in both refurbishment and new build sectors.

This newsletter gives an insight into some of the projects we have recently secured and in addition updates you with a number of developments within our business.

I will be in contact in the next few days to discuss any opportunities you may have.

In the meantime, if you have any questions, please contact me on 07709 481798 or [email me](#).

Kind regards,

June Carroll
Business Development Manager

Gaining ISO14001 is far from rubbish

Anglian has always prided itself on its standards and now it can add the internationally recognised ISO 14001 to its many achievements. The standard recognises the excellent work that Anglian has put into the management of environmental risk and minimising its impact on the environment.
