

CASE STUDY

Window and Door Replacement

"We, the residents at Windsor Court, are delighted with our new windows and doors and they demonstrate excellent value for money. The service received by Anglian was superb and all installation work was completed within the timescales advised."

IAN COTTRELL
DIRECTOR
WINDSOR COURT
RESIDENTS ASSOCIATION

WINDSOR COURT RESIDENTS ASSOCIATION

Anglian completed a window and door replacement project on a block of 17 privately-owned flats in Borehamwood, Herts.

Properties at Windsor Court are all privately owned with a proportion of them tenanted. A management board comprising of elected owners is charged with ensuring the maintenance of the properties are kept up to date.

The board made a decision to replace the original timber windows which were showing their age and following a majority 'yes' vote from the residents, Anglian were appointed to undertake the refurbishment works.

The refurbishment programme included the manufacture and installation of 85 PVC-U casement windows to a mixture of one and two bedroom apartments and 6 self-closing aluminium doors to their communal areas.

Resident engagement was a high priority to all concerned and regular updates were provided throughout. All flats were occupied during the period of the contract.

THE PROJECT

Client	Windsor Court Residents Association Ltd
Product Spec	70mm PVC-U Casement Windows and Aluminium Doors
Project Value	£37k
