IMPROVING HOUSING. ENHANCING LIVES.

SUPPORTING A ROBUST, EFFECTIVE DOOR & WINDOW STRATEGY FOR UK SOCIAL HOUSING LANDLORDS

What if one partner could provide you with...

Imagine the time that would be freed up...

One consistent contact for all the delivery of all these services.

And then.. what if one partner could also offer...

NEW! Retrofit innovation:

- Thin Triple Glazing to improve U Values without replacing the frames.
- Damp, mould and ventilationIOT Sensors, and home ventilation options including PIV
- And how about making it all affordable by making it powered by solar….
- EPC, HEMS, Future Homes Standard, PAS2030 requirements all met…

With Anglian Building Products, social housing clients don't need to imagine. It's all here now.

As a household brand name, we can offer both resident confidence and assurances, guarantees and proven excellent customer service to improve homes across this wide range of services

A strong window and door strategy can impact all areas of compliance, and save both time and money,
